Summary

With over 4+ years of experience, I've had the opportunity to work across diverse domains including crypto, gaming, and enterprise applications. I've also closely collaborated with leadership teams from the Ministry of Renewable Energy, Government of India, and Bangalore Airport, contributing to high-impact digital initiatives. These experiences have shaped me into an adaptable professional with a deep understanding of user-centric design and product development.

Experience

eLuminous Technologies, User Interface Designer

Jan 2025 - Present | Nashik, India

eLuminous Technologies is one of the leading tech companies serving clients based in the USA, UK, and Europe. I worked as a dedicated resource for these clients, helping enhance their products and user experiences.

Datamatics Global Services, Associate UI/UX Designer

June 2023 - Nov 2024 | Mumbai, India (Hybrid)

Datamatics is a globally recognized IT services company. While working there, I collaborated with the client Crowdbotics on projects for their end clients, focusing on user experience and enterprise applications.

AppCake Limited Company, UI/UX Designer

Jan 2023 - Apr 2023 | Work From Home (HongKong)

At AppCake, I primarily focused on developing and enhancing gaming applications, contributing to engaging user experiences and interactive features.

Quest Global Technologies, UI/UX Designer

Sep 2022 - Dec 2022 | Work From Home (Indore)

At Quest Technologies, I worked in the crypto domain, creating various solutions for clients - from trading applications to wallets- gaining strong knowledge in both cryptocurrency and the metaverse.

Affinity X, Junior Associate Designer

Jan 2021 - June 2022 | Hybrid (Pune)

I started my career at AffinityX as a Web Designer, where I created designs for a wide range of client websites across the USA. I worked on projects for various businesses including salons, retail shops, and large industries. This experience gave me a strong understanding of the design preferences, business culture, and client expectations in the USA, UK, and Europe.
